THE POSITION

El Dorado County Fire Protection District is seeking highly motivated Firefighter Emergency Medical Technicians (EMT) to become part of our dedicated team of professionals. Firefighter EMTs are to perform a full range of firefighting duties that include protecting life and property in the suppression of structural, wildland and other types of fires, provide Basic Life Support (BLS) medical care/transport and participate in other all-risk emergency situations in a challenging, dynamic, and rewarding environment. Firefighters will participate in daily training, fire inspections/prevention, drive ambulances and fire engines and perform scheduled maintenance of stations, fire apparatus and related equipment. Firefighters work a 48/96 work cycle with an average workweek of 56 hours.

THE DISTRICT

El Dorado County Fire Protection District is an Independent Special Fire District in El Dorado County responsible for providing exemplary emergency and non-emergency services along the Highway 50 corridor to the communities of Camino, Coloma, Cool, Pilot Hill, City of Placerville, Pleasant Valley, Pollock Pines, Shingle Springs, Silver Fork, and Strawberry. Our citizens are protected by six staffed fire stations, and 73 full-time firefighters. Financial oversight and strategic policy direction are provided by an elected 5-member Board of Directors.

EL DORADO COUNTY

The 1848 discovery of gold in Coloma touched off the largest gold rush in history. Today El Dorado County is much more than rustic mining towns and historic sites. We are a year-round vacation destination overflowing with outdoor adventure, a welcoming wine and agricultural scene, enriching family activities, and a proud Gold Rush history. El Dorado County transitions from the rolling foothills of the Sacramento Valley to mountainous areas like the Desolation Wilderness Area — at over 10,000 ft in elevation. Residents and tourists alike take advantage of the national forests, state and federal recreation areas and waterways to enjoy horseback riding, trail running and biking, off-highway vehicle use, premier whitewater rafting, rock climbing and much more.
